

## APPENDIX F

### STEPHEN P. TEALE DATA CENTER BILLING RATES SCHEDULE WORLD WIDE WEB HOME PAGE SERVICES Effective February 1, 2000

#### WEB PAGE HOSTING SERVICES

Teale's Basic Web service is an entry-level Web site designed to provide information to the Internet. The service includes:

- Virtual hosting (i.e., WWW.YOURDOMAIN.CA.GOV)
- User account for FTP access to Web site
- Monthly statistics
- Data backups
- 24 hours, 7 days per week monitoring by Teale's Network Operations Center

Additional services can be negotiated.

For shared (Teale-owned) server:

- One-time setup fee of \$500.
- \$50 per month, includes shared server, 20 MB storage and 200 MB data transmission.
- \$1.1817 per month for each additional MB exceeding 20 MB storage.
- \$0.02116 per MB for data transmission in excess of 200 MB per month.

For dedicated (Teale-owned) server:

- One-time setup fee of \$500.
- \$2,950 per month for the server (currently a 400 MHz Sun Ultra 2 with 256 MB memory and 9 GB disk).
- The customer will also be charged for each tenth of T1 bandwidth required at \$100 per month, per server.

For dedicated (customer-owned, housed at and supported by Teale) server:

- One-time setup fee of \$500.
- \$1,860 per month, per server.
- All direct costs for hardware and/or software maintenance or upgrades.
- The customer will also be charged for each tenth of T1 bandwidth required at \$100 per month, per server.
